Chapter I: Development Plan

A. Introduction to The Service Area

The purpose of this section is to provide information about the organization and development of Florida's Transportation Disadvantaged Program in Columbia, Hamilton and Suwannee Counties. This Plan shall serve as the Coordinated Public Transit-Human Services Transportation Plan under the federal Moving Ahead for Progress in the 21st Century Act (MAP-21). The Coordinated Public Transit-Human Services Transportation Plan identifies the transportation needs of individuals with disabilities, older adults and people with low incomes.

1. Background of Florida's Transportation Disadvantaged Program

Florida's Transportation Disadvantaged Program began in 1979 with the adoption of Chapter 427, Florida Statutes. The Florida Legislature adopted this legislation to provide transportation disadvantaged services in a coordinated fashion.

The transportation disadvantaged are defined in Chapter 427, Florida Statutes, as:

"those persons who because of physical or mental disability, income status, age are unable to transport themselves or purchase transportation and are, therefore, dependent on others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities or children who are handicapped or high-risk or at-risk as defined in s. 411.202, Florida Statutes."

In 1989, the Florida Legislature reviewed Chapter 427, Florida Statutes according to the State's Regulatory Sunset Act (Section 11.61, Florida Statutes). During this legislative review, the Legislature decided to reenact Chapter 427, Florida Statutes with several revisions.

In 1990, Rule 41-2 of the Florida Administrative Code was adopted to implement the provisions of Chapter 427, Florida Statutes. In addition, Rule 41-2 of the Florida Administrative Code assigns the Florida Commission for the Transportation Disadvantaged with the responsibility to accomplish the coordination of transportation services provided to the transportation disadvantaged.

The following sections discuss each of the major components of the Transportation Disadvantaged Program.

a. Florida Commission for the Transportation Disadvantaged

The Florida Commission for the Transportation Disadvantaged is independent and reports to the Governor and the Legislature. Chapter 427, Florida Statutes states that:

"the purpose of the Commission is to accomplish the coordination of transportation services to the transportation disadvantaged."

The Governor appoints seven members to the Florida Commission for the Transportation Disadvantaged. Five of the members must have significant experience in the operation of a business and two of the members must have a disability and use the transportation disadvantaged system. The Chair is appointed by the Governor and Vice-Chair is elected annually from the membership of the Florida Commission for the Transportation Disadvantaged.

b. Designated Official Planning Agency

The Designated Official Planning Agency is responsible for transportation disadvantaged planning in a given area. In the urbanized areas of the state, the planning agencies are metropolitan planning organizations. In the rural areas of the state, organizations which are eligible to be planning agencies are:

- county or city governments
- regional planning councils
- metropolitan planning organizations
- local planning organizations who are currently performing planning activities in the service area

The North Central Florida Regional Planning Council is the Designated Official Planning Agency for Columbia, Hamilton and Suwannee Counties. According to Rule 41-2 of the Florida Administrative Code, responsibilities of the Designated Official Planning Agency include:

- Appointment of members to the local coordinating boards.
- Provision of staff support to the local coordinating boards.
- Recommendation to the Florida Commission for the Transportation Disadvantaged regarding the initial selection or re-designation of the Community Transportation Coordinator.

c. Local Coordinating Boards

The Designated Official Planning Agency is responsible for appointing a local coordinating board in each county. The purpose of the coordinating board is to provide advice and direction to the Community Transportation Coordinator concerning the coordination of transportation services.

According to Rule 41-2 of the Florida Administrative Code, the Designated Official Planning Agency appoints an elected official, to serve as the official chairperson for all local coordinating board meetings. The Board shall elect a Vice-Chair. The Vice-Chair shall be one of the elected officials from Columbia, Hamilton or Suwannee Counties.

In addition to the Chair, the following agencies or other groups serve on the local coordinating boards as voting members:

- An elected official from each county of the multi-county service area.
- A representative of the Florida Department of Transportation.
- A representative of the Florida Department of Children and Families.
- A representative of the Public Education Community.

3. Barriers to Coordination

Medicaid non-emergency transportation services are no longer coordinated through Florida’s Coordinated Transportation System in Columbia, Hamilton and Suwannee Counties. In May 2014, the Florida Agency for Health Care Administration implemented Florida’s Managed Medical Care Program. The Managed Medical Care Program requires Managed Medical Assistance Plans to provide transportation to their enrollees who have no other means of transportation available.

The Managed Medical Assistance Plans provide transportation services directly through their own network of transportation providers. According Chapter 2 of the Florida Agency for Health Care Administration Transportation Coverage, Limitations and Reimbursement Handbook, July 1997, “Medicaid is required by Chapter 427, Florida Statutes to purchase transportation services through the designated Community Transportation Coordinator, unless those services are not cost effective or the Community Transportation Coordinator does not coordinate Medicaid transportation services.”

Other barriers to the coordination of transportation services in Columbia, Hamilton and Suwannee Counties include the following:

- low density, rural population limits the ability to multi-load vehicles;
- out-of-county trips are required due to the limited availability of medical services/facilities; and
- various requirements for agency client transportation services.

Chapter II: Service Plan

A. Operations

The operations element is a profile of the coordinated transportation system and provides basic information about Suwannee Valley Transit Authority's daily operations.

Suwannee Valley Transit Authority is a governmental organization created in 1974 as a regional public transportation authority by an inter-local agreement between Columbia, Hamilton and Suwannee County governments. The Florida Commission for the Transportation Disadvantaged designated Suwannee Valley Transit Authority the Community Transportation Coordinator for Columbia, Hamilton and Suwannee Counties pursuant to Chapter 427 Florida Statutes in 1990. As the Community Transportation Coordinator, Suwannee Valley Transit Authority is responsible for coordinating the provision of transportation services to the transportation disadvantaged in Columbia, Hamilton and Suwannee Counties. Suwannee Valley Transit Authority was re-designated the Community Transportation Coordinator through June 30, 2026. The Florida Commission for the Transportation Disadvantaged designated Columbia, Hamilton and Suwannee Counties as a combined service area under Florida's Transportation Disadvantaged Program July 1, 2016.

1. Types, Hours and Days of Service

a. Types of Service

Suwannee Valley Transit Authority provides door-to-door, curb-to-curb, shared-ride and flex route transportation services. Transportation services are arranged on a subscription and advance reservation basis. There are currently no fixed route transportation services available in the service area. Except for specialty contract services, Suwannee Valley Transit Authority transportation is a shared ride service. Suwannee Valley Transit Authority reserves the right to request riders make reasonable adjustments to their desired transport times in order to most effectively coordinate trips.

Suwannee Valley Transit Authority is required to transport all "common wheelchairs. A common wheelchair is defined as a device which does not exceed 30 inches in width and 48 inches in length measured two inches above the ground and does not weigh more than 600 pounds when occupied. Wheelchairs that exceed these dimensions and weight may not be transported. Passengers who cannot propel their wheelchair independently must have an escort. Suwannee Valley Transit Authority will only transport wheelchairs that can be safely secured using the standard 4-point tie down wheelchair restraint devices. Passengers must be able to transfer from to a bus seat for all non-standard wheelchairs (such as a scooter). All wheelchair passengers must use seat/lap belts and shoulder harnesses.

2. Accessing Services

a. Reservations

Transportation Disadvantaged Program: Monday through Friday from 6:00 a.m. to 5:00 p.m. excluding observed holidays. Trip reservations can be made by calling 386.362.5332. When making a reservation, passengers should have the following information available: date, time and pickup/drop off location of appointment; name of service provider, telephone numbers, and points of contact.

b. Advance Notification

Transportation Disadvantaged Program: Trip reservations must be made before 3:00 p.m. three (3) days before the day of transport. For example, reservations must be made no later than the prior Wednesday by 3:00 p.m. for service needed on Monday, unless the Wednesday is a holiday, in which case the reservation must be made on Tuesday by 3:00 p.m.

Suwannee Valley Transit Authority can grant an exception to the three day rule if the rider presents good cause. Good cause is substantiated by factors such as, but not limited to, any of the following:

- Urgent Care, (with physician's note);
- Post-surgical and/or medical follow-up care specified by a health care provider to occur in fewer than three workdays;
- Imminent availability of an appointment with a specialist when the next available appointment would require a delay of two weeks or more; or
- The result of administrative or technical delay requiring an appointment to be rescheduled.

Agency sponsored trip requests will be taken according to contractual arrangements.

c. Trip Cancellation Process

Trips must be cancelled 24 hours in advance of the scheduled pickup time. Passengers who do not cancel their transportation 24 hours in advance and refuse transportation once the driver arrives at the point of pick up will be considered a no-show. Same-day cancellations count as no-shows unless the rider was unable to cancel the trip 24 hours in advance.

d. No-Show Policy

Drivers shall wait five minutes after the scheduled pick-up time for passengers to board the vehicle. Drivers picking up patients returning from dialysis appointments may wait more than 5 minutes upon request as long as the wait time does not jeopardize the return drop off time of other passengers on the vehicle. After the driver has waited five minutes, the driver will place a no-show hanger on the doorknob. After three (3) no-shows within 60 days, the passenger is subject to a service termination for 30 days. After the passenger is reinstated to the program, if three (3) more infractions occur within 60 days, the suspension period will be 45 days. If the client is reinstated to the program and three (3) more infractions occur within 60 days, the suspension will be 90 days.

If the passenger provides acceptable, verifiable evidence that the no-show was due to unforeseen and unavoidable circumstances, the missed trip will not be counted as a no-show. Suwannee Valley Transit Authority will not issue a no-show to a passenger if the vehicle sent to transport the passenger will not accommodate the passenger's ability to board the vehicle.

Passengers may only be removed from suspension by their sponsoring agency. Suwannee Valley Transit Authority will determine passenger suspensions for passengers transported under the Florida's Transportation Disadvantaged Program. If a passenger feels that he/she has been unfairly suspended, they may file a grievance with the Columbia, Hamilton and Suwannee Transportation Disadvantaged Coordinating Board.

7. Inter-County Services

Suwannee Valley Transit Authority has informal agreements with surrounding County Community Transportation Coordinators to coordinate out of county trips when feasible. Suwannee Valley Transit Authority also has an agreement with Alachua County which allows Suwannee Valley Transit Authority to transport residents of Columbia, Hamilton and Suwannee Counties to medical facilities located in Alachua County.

8. Natural Disaster/Emergency Preparedness

Suwannee Valley Transit Authority is the primary transportation provider identified in the Columbia, Suwannee and Hamilton County Emergency Management Plans. During any emergency declared by the county or state, Suwannee Valley Transit Authority will suspend all non-emergency medical transport if possible, and devote its entire service to the County/State Emergency Operations Center.

For those riders dependent on Suwannee Valley Transit Authority for his/her transportation (such as for dialysis) the beneficiary must register with his/her county's Emergency Operations Department.

Suwannee Valley Transit Authority has prepared and trained with each county's Emergency Operations Department to respond to the needs of the area. In the event of a schedule change caused by emergencies such as natural disaster, tornadoes, hurricane or flooding, Suwannee Valley Transit Authority will notify each contracting agency so that they may notify their programs and customers. Suwannee Valley Transit Authority will notify all scheduled riders of the changes to include cancellation of their reservation if transport is considered hazardous. In the event of a natural disaster, Suwannee Valley Transit Authority will provide service as directed by Suwannee County Emergency Operations Department for transporting citizens to shelters and/or evacuation. Suwannee Valley Transit Authority is set up to be operated out of Suwannee Valley Transit Authority's facilities to coordinate with Emergency Operations Department operations during the time of emergency evacuations.

All Suwannee Valley Transit Authority vehicles are equipped with push-to-talk for immediate communication with the base dispatcher. Every driver has instructions to contact the transportation office during work hours, or a member of the management team after work hours, weekends and holidays if an emergency occurs. When the office receives information concerning breakdowns, delays or accidents, the purchasing agency whose customers are involved will be notified as quickly as possible. The responsible contact person will assist agency personnel to help resolve problems. Suwannee Valley Transit Authority Safety System Program Plan contains additional emergency and security procedures.

If an accident occurs, the law enforcement agency for that area will be notified and a relief vehicle will be dispatched to ensure that passenger delays are kept to a minimum. Suwannee Valley Transit Authority will notify the sponsoring agency of the delay as soon as possible. Emergency Medical Services will be called in the event of injury.

In the event of a breakdown a relief vehicle and mechanic (with service truck) will be dispatched to ensure the passengers are as close to schedule as possible. Suwannee Valley Transit Authority will call the destination to ensure the passengers will be seen when the passenger is going to be more than 15 minutes late for their appointment time.

9. Marketing

Suwannee Valley Transit Authority utilizes various media forums to inform the public about transportation services available through Suwannee Valley Transit Authority. The information is disseminated through brochures, public service announcements in local publications, public speaking engagements various community leadership organizations, interagency affiliations and attendance at County Commission meetings. Because most of the transportation services provided by Suwannee Valley Transit Authority are for government funded social service programs, marketing efforts are largely aimed toward social service programs.

Due to limited funding received through the Transportation Disadvantaged Trust Fund, there are currently no efforts to market the availability of service under Florida's Transportation Disadvantaged Program. As new funding sources or programs become available, announcements will be made through various methods as appropriate to the population being targeted by such funding.

Chapter III: Quality Assurance

This section contains the steps the local Coordinating Board will take to monitor and evaluate the services provided by or coordinated through the Community Transportation Coordinator, based on the Florida Commission for the Transportation Disadvantaged standards and the locally established service standards.

C. Community Transportation Coordinator Evaluation Process

The local Coordinating Board will evaluate the Community Transportation Coordinator's performance on an annual basis using the Commission for the Transportation Disadvantaged Quality Assurance Program Evaluation/Local Coordinating Board, Community Transportation Coordinator Evaluation Workbook. This evaluation workbook was created to provide a formal process for evaluating the performance of the Coordinator (and its operators). The Commission requires worksheets regarding Cost, Competition and Coordination be completed during this review.

Chapter I: Columbia, Hamilton and Suwannee Transportation Disadvantaged Coordinating Board Grievance Procedures

A. Preamble

The following sets forth the procedures for the Columbia, Hamilton and Suwannee Transportation Disadvantaged Coordinating Board to address grievances from agencies, users, potential users, sub-contractors, and other interested parties concerning Florida's Coordinated Transportation System.

B. Agency Description

The Columbia, Hamilton and Suwannee Transportation Disadvantaged Coordinating Board, herein after referred to as the Board, is a public body appointed by the North Central Florida Regional Planning Council serving as the Designated Official Planning Agency as authorized by Section 427.015, Florida Statutes.

C. Definitions

Transportation disadvantaged means those persons who because of physical or mental disability, income status, or age are unable to transport themselves or to purchase transportation and are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities, or children who are handicapped or high-risk or at-risk as defined in Section 411.202, Florida Statutes.

Agency means an official, officer, commission, authority, council, committee, department, division, bureau, board, section, or any other unit or entity of the state or of a city, town, municipality, county, or other local governing body or a private nonprofit transportation service-providing agency.

Community Transportation Coordinator means a transportation entity recommended by a metropolitan planning organization, or by the appropriate designated official planning agency as provided for in Section 427.011, Florida Statutes in an area outside the purview of a metropolitan planning organization, to ensure that coordinated transportation services are provided to the transportation disadvantaged population in a designated service area.

Coordinating Board means an advisory entity in each designated service area composed of representatives appointed by the metropolitan planning organization or designated official planning agency, to provide assistance to the community transportation coordinator relative to the coordination of transportation services.

Coordination means the arrangement for the provision of transportation services to the transportation disadvantaged in a manner that is cost-effective, efficient and reduces fragmentation and duplication of services.

**Columbia, Hamilton and Suwannee Transportation Disadvantaged Coordinating Board
Grievance Procedures**

Designated Official Planning Agency means the official body or agency designated by the Commission to fulfill the functions of transportation disadvantaged planning in areas not covered by a Metropolitan Planning Organization. The Metropolitan Planning Organization shall serve as the designated official planning agency in areas covered by such organizations.

Designated Service Area means a geographical area recommended by a designated official planning agency, subject to approval by the Florida Commission for the Transportation Disadvantaged, which defines the community where coordinated transportation services will be provided to the transportation disadvantaged.

Florida's Coordinated Transportation System means a transportation system responsible for coordination and service provisions for the transportation disadvantaged as outlined in Chapter 427, Florida Statutes.

Grievance means a written complaint to document any concerns regarding the operation or administration of services provided by Florida's Coordinated Transportation System by the Community Transportation Coordinator, subcontracted transportation operators, the Designated Official Planning Agency, or the Board. A grievance may also be a service complaint that has been left unresolved for more than 45 days.

Memorandum of Agreement is the state contract for transportation disadvantaged services purchased with federal, state or local government transportation disadvantaged funds. This agreement is between the Florida Commission for the Transportation Disadvantaged and the Community Transportation Coordinator and recognizes the Community Transportation Coordinator as being responsible for the arrangement of the provision of transportation disadvantaged services for a designated service area.

Service complaint means routine incidents that occur on a daily basis, are reported to the driver or dispatcher, or to other individuals involved with the daily operations, and are resolved within the course of a reasonable time period suitable to the complainant. All service complaints shall be recorded and a summary of complaints should be provided by the Community Transportation Coordinator on a quarterly basis, to the Board.

Transportation Disadvantaged Service Plan means an annually updated plan jointly developed by the Designated Official Planning Agency and the Community Transportation Coordinator which contains a development plan, service plan and quality assurance components. The plan shall be approved and used by the local Coordinating Board to evaluate the Community Transportation Coordinator.

D. Purpose

- (1) The Board shall appoint a Grievance Committee to serve as a mediator to process, and investigate complaints from agencies, users, potential users of the system and the Community Transportation Coordinator in the designated service area, and make recommendations to the Board for the improvement of service.
- (2) The Board shall establish procedures to provide regular opportunities for issues to be brought before the Grievance Committee and to address them in a timely manner. Members appointed to the Grievance Committee shall be voting members of the Board.

**Columbia, Hamilton and Suwannee Transportation Disadvantaged Coordinating Board
Grievance Procedures**

- (3) The Grievance Committee and the Board shall have the authority to hear and advise on grievances. When an entity makes a determination of the rights, duties, privileges, benefits, or legal relationships of a specified person or persons, it is exercising "adjudicative" or "determinative" powers. Deciding a grievance between two independent parties may fall within these parameters, depending on the nature of the grievance. Chapter 427, Florida Statutes grants no adjudicative powers to anyone.

E. Membership

- (1) The Chair, subject to approval by the Board, shall appoint five (5) voting members to a Grievance Committee. The membership of the Grievance Committee shall include broad geographic representation from members of the local Coordinating Board representing the counties in the service area.
- (2) Term limits on the Grievance Committee may coincide with term limits on the Board.

F. Officers

- (1) Chair. The Chair shall be one of the local elected officials from Columbia, Hamilton or Suwannee Counties who is not serving as Chair or Vice-Chair of the Board. In the event the local elected official not serving as Chair or Vice-Chair of the Board does not wish to serve as Chair of the Grievance Committee, the Vice-Chair shall serve as Chair of the Grievance Committee.

G. Meetings

- (1) The Grievance Committee may meet as often as necessary to fulfill its responsibilities. Meetings may be called, rescheduled, postponed or cancelled for any appropriate purpose by the Chair as long as the procedure requirements stated in Section J. (9) and (10) are met. The Grievance Committee may meet following Board meetings to hear complaints. All meetings will function under the "Government in the Sunshine Law." All meetings will provide opportunity for public comments on the agenda.
- (2) Notice of Meetings. Notices and tentative agendas shall be provided to the Florida Commission for the Transportation, Committee members and other interested parties at least two weeks prior to the meeting. Meeting notices shall include the date, time, location, general nature/subject of the meeting, a contact person and phone number to call for additional information and to request accessible formats.
- (3) Quorum. At all meetings of the Grievance Committee, the presence in person of a majority of the voting members shall be necessary and sufficient to constitute a quorum for the transaction of business. In the absence of a quorum, those present may, without notice other than by announcement at the meeting, recess the meeting from time to time, until a quorum shall be present. At any such recessed meeting, any business may be transacted which might have been transacted at the meeting as originally called.

**Columbia, Hamilton and Suwannee Transportation Disadvantaged Coordinating Board
Grievance Procedures**

- (4) Voting. A majority vote is required for actions by the Grievance Committee. As required by Section 286.012, Florida Statutes, all Grievance Committee members, including the Chair, must vote on all official actions taken by the Grievance Committee except when there appears to be a possible conflict of interest with a member or members of the Grievance Committee.
- (5) Voting Conflicts. In accordance with Chapter 112.3143(2)(a), Florida Statutes, "A state public officer may not vote on any matter that the officer knows would inure to his or her special private gain or loss. Any state public officer who abstains from voting in an official capacity upon any measure that the officer knows would inure to the officer's special private gain or loss, or who votes in an official capacity on a measure that he or she knows would inure to the special private gain or loss of any principal by whom the officer is retained or to the parent organization or subsidiary of a corporate principal by which the officer is retained other than an agency as defined in s. 112.312(2); or which the officer knows would inure to the special private gain or loss of a relative or business associate of the public officer, shall make every reasonable effort to disclose the nature of his or her interest as a public record in a memorandum filed with the person responsible for recording the minutes of the meeting, who shall incorporate the memorandum in the minutes. If it is not possible for the state public officer to file a memorandum before the vote, the memorandum must be filed with the person responsible for recording the minutes of the meeting no later than 15 days after the vote."

In cases where a grievance involves the private or personal interests of a member of the Grievance Committee, such member shall be disqualified from hearing such grievance. If a Grievant claims a conflict between the Grievant and a Grievance Committee member, the Grievance Committee member identified as having a conflict shall recuse themselves from hearing the grievance. No member of the Grievance Committee shall appear before the Grievance Committee as an agent or attorney for any person.

- (6) Proxy Voting. Proxy voting is not permitted.
- (7) Parliamentary Procedures. The Grievance Committee will conduct business using parliamentary procedures according to Robert's Rules of Order, except when in conflict with these Grievance Procedures.
- (8) Public Comment. Each speaker will be allowed to speak for up to three minutes during public comments. Public comments shall be directed to the Chair. Additional time may be given at the Chair's discretion. The Chair may impose a cumulative time limit for all public comment on any specific agenda item.

Members of the public shall be allowed to address the Committee following the making of a motion that has been properly seconded concerning a proposition before the Committee.

All comments made by Committee members, Committee staff, guests and members of the public during any public meeting of the Grievance Committee shall be governed by the City, County and Local Government Law Section of the Florida Bar Civility Pledge, as follows:

- 1. We will be respectful of one another even when we disagree;
- 2. We will direct all comments to the issues; and
- 3. We will avoid personal attacks.

I. Duties

J. Procedures

- (1) The grievance procedures shall be open to addressing concerns by any person or agency including but not limited to: purchasing agencies, users, potential users, private-for-profit operators, private-nonprofit operators, Community Transportation Coordinators, Designated Official Planning Agencies, elected officials, and drivers. The grievant, in their formal complaint, should demonstrate or establish their concerns as clearly as possible.
- (2) The Board must make a written copy of the grievance procedures available to anyone, upon request. All documents pertaining to the grievance process will be made available, upon request, in accessible format. The following procedures are established to provide regular opportunities for grievances to be brought before the Grievance Committee.
- (3) Should an interested party wish to file a grievance with the Board, that grievance must be filed in writing within ninety (90) days after the occurrence of the event giving rise to the grievance. The grievance shall be sent to:

Columbia, Hamilton and Suwannee Transportation Disadvantaged Coordinating Board
Grievance Committee
2009 N.W. 67th Place
Gainesville, FL 32653-1603
- (4) If requested, the North Central Florida Regional Planning Council staff will provide assistance to individuals in preparing written grievances.
- (5) The grievance should try to demonstrate or establish a clear violation of a specific law, regulation, or contractual arrangement. Copies of pertinent laws and regulations may be obtained from North Central Florida Regional Planning Council staff.
- (6) The grievance shall include:
 - a. the name, address and telephone number of the Complainant;

**Columbia, Hamilton and Suwannee Transportation Disadvantaged Coordinating Board
Grievance Procedures**

- b. a statement of the grounds for the grievance and be supplemented by supporting documentation, made in a clear and concise manner; and
 - c. an explanation by the Complainant of the improvements needed to address the complaint.
- (7) If the Board receives a grievance pertaining to the operation of services by the Community Transportation Coordinator, that grievance shall be forwarded to the Community Transportation Coordinator for a written response. The Community Transportation Coordinator's written response shall be provided to the Grievance Committee at least one week prior to the Grievance Committee meeting to hear such grievance.
 - (8) If the Complainant does not want to be contacted by the Community Transportation Coordinator concerning the grievance before the grievance is heard, the Community Transportation Coordinator is prohibited from contacting the Complainant.
 - (9) Within fifteen (15) working days following the date of receipt of the formal grievance, North Central Florida Regional Planning Council staff shall advise the Grievance Committee of the grievance to schedule a hearing on the grievance and inform the Complainant of the hearing date.
 - (10) The Grievance Committee shall meet to hear the grievance within forty-five (45) calendar days from the date of receipt of the grievance.
 - (11) North Central Florida Regional Planning Council staff shall send notice of the Grievance Committee's scheduled hearing in writing to the local newspaper of greatest circulation, the Complainant and other interested parties.
 - (12) All involved parties have a right to present their views to the Grievance Committee, either orally or in writing. In addition, all parties may present evidence. The Community Transportation Coordinator shall provide transportation to and from Grievance Committee meetings at no charge to complainants who cannot transport themselves to the meetings.
 - (13) A written report and any recommendations of the Grievance Committee shall be provided to the Board. A copy of this report shall be provided to the concerned parties within ten (10) working days after the hearing on the grievance and no more than sixty (60) calendar days from the date of receipt of the formal grievance. The Grievance Committee's recommendation will stand unless the recommendation is changed by the Board.
 - (14) A written report shall also be provided to the Community Transportation Coordinator's Governing Board.

K. Appeals

- (1) Appeals of recommendations by the Grievance Committee to the Board shall be made within twenty (20) working days from the date when the Grievance Committee makes a recommendation regarding a grievance. The appeal shall be mailed to:

Columbia, Hamilton and Suwannee Transportation Disadvantaged Coordinating Board
2009 N.W. 67th Place
Gainesville, FL 32653-1603

**Columbia, Hamilton and Suwannee Transportation Disadvantaged Coordinating Board
Grievance Procedures**

- (2) The Complainant will be notified in writing of the date, time and place of the Board meeting where the appeal will be heard. This written notice will be mailed at least ten (10) calendar days in advance of the meeting.
- (3) The Board will meet to hear the appeal and render its recommendation within thirty (30) calendar days of the date the appeal was filed. A written copy of the recommendation will be mailed to all parties involved within ten (10) calendar days of the date of the recommendation.
- (4) Should a Complainant remain dissatisfied with the Board's decision, he or she may contact the Florida Commission for the Transportation Disadvantaged at the following address:

Florida Commission for the Transportation Disadvantaged
605 Suwannee Street, MS-49
Tallahassee, FL 32399-0450
- (5) The Florida Commission for the Transportation Disadvantaged also has an Ombudsman Program to assist individuals with complaints. The toll-free Ombudsman Hotline is 1-800-983-2435. Chapter 427, Florida Statutes does not expressly confer the power or authority for the Florida Commission for the Transportation Disadvantaged to "hear and determine" a grievance between two (2) third parties. The Florida Commission for the Transportation Disadvantaged may choose to listen to grievances and it can investigate them from a fact-finding perspective. It cannot be the "judge" or "arbiter" of the grievance in the sense of determining that one party's version of the facts is right and the other is wrong, and order the wrong party to somehow compensate the right party. On the other hand, the grievance may bring to light a problem within "the system."
- (6) If the grievance showed that one (1) of the parties with whom the Florida Commission for the Transportation Disadvantaged contracts was acting so aberrantly as to not be in compliance with its contract, the Florida Commission for the Transportation Disadvantaged could exercise whatever contractual rights it has to correct the problem.
- (7) The Florida Commission for the Transportation Disadvantaged may take part in the grievance process, if it wants to, for purposes of listening to the grieving parties and gathering the facts of the matter. It may not decide the grievance, where doing so would amount to an exercise of adjudicative powers.

L. Suspension Reconsideration

- (1) If a rider has been issued a notice of suspension by the Community Transportation Coordinator, they have ten (10) calendar days from the date of issuance of suspension notice to request a reconsideration hearing on the suspension. If a reconsideration hearing is requested, the hearing will be held by the Grievance Committee if the suspension involves transportation provided under Florida's Transportation Disadvantaged Program.
- (2) The written request must include the name, address and telephone number of the person who is requesting the hearing and a statement as to why his or her riding privileges should not be suspended. If the request is not received within ten (10) calendar days from the issue date of the suspension, then the suspension becomes effective ten (10) calendar days from the date of issue.

**Columbia, Hamilton and Suwannee Transportation Disadvantaged Coordinating Board
Grievance Procedures**

- (3) Upon receipt of letter requesting the reconsideration hearing, a hearing shall be held within ten (10) working days. The North Central Florida Regional Planning Council will advise the person requesting the reconsideration hearing by return correspondence of the date, time and location of the hearing.
- (4) The suspended rider will be given the opportunity to present the reasons why they believe the suspension should not take place. The Grievance Committee will make a recommendation whether or not to uphold the suspension. A written statement of the decision whether or not to uphold the suspension shall be forwarded by certified mail within two (2) working days by the Community Transportation Coordinator to the suspended rider requesting the reconsideration.

M. Prohibition Against Retaliation

The Community Transportation Coordinator shall not take any punitive action against an individual who files a grievance. No individual shall be denied Transportation Disadvantaged Program services because such individual has filed a grievance related to Florida's Transportation Disadvantaged Program or has testified or is about to testify in any such proceeding or investigation related to Florida's Transportation Disadvantaged Program.

N. Alternative Recourse

Apart from these grievance processes, aggrieved parties with proper standing, may also have recourse through Chapter 120, Florida Statutes, administrative hearings process or the judicial court system.

O. Certification

The undersigned hereby certifies that he/she is the Chair of the Columbia, Hamilton and Suwannee Transportation Disadvantaged Coordinating Board and that the foregoing is a full, true and correct copy of the Grievance Procedures of this Board as adopted by the Columbia, Hamilton and Suwannee Transportation Disadvantaged Coordinating Board the 17th day of November 2021.
