Chapter I: Development Plan

A. Introduction to The Service Area

The purpose of this section is to provide information about the organization and development of Florida's Transportation Disadvantaged Program in Gilchrist County. This Plan shall serve as the Coordinated Public Transit-Human Services Transportation Plan under the federal Moving Ahead for Progress in the 21st Century Act (MAP-21). The Coordinated Public Transit-Human Services Transportation Plan identifies the transportation needs of individuals with disabilities, older adults and people with low incomes.

1. Background of Florida's Transportation Disadvantaged Program

Florida's Transportation Disadvantaged Program began in 1979 with the adoption of Chapter 427, Florida Statutes. The Florida Legislature adopted this legislation to provide transportation disadvantaged services in a coordinated fashion.

The transportation disadvantaged are defined in Chapter 427, Florida Statutes, as:

"those persons who because of physical or mental disability, income status, age are unable to transport themselves or purchase transportation and are, therefore, dependent on others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities or children who are handicapped or high-risk or at-risk as defined in s. 411.202, Florida Statutes."

In 1989, the Florida Legislature reviewed Chapter 427, Florida Statutes according to the State's Regulatory Sunset Act (Section 11.61, Florida Statutes). During this legislative review, the Legislature decided to reenact Chapter 427, Florida Statutes with several revisions.

In 1990, Rule 41-2 of the Florida Administrative Code was adopted to implement the provisions of Chapter 427, Florida Statutes. In addition, Rule 41-2 of the Florida Administrative Code assigns the Florida Commission for the Transportation Disadvantaged with the responsibility to accomplish the coordination of transportation services provided to the transportation disadvantaged.

The following sections discuss each of the major components of the Transportation Disadvantaged Program.

a. Florida Commission for the Transportation Disadvantaged

The Florida Commission for the Transportation Disadvantaged is independent and reports to the Governor and the Legislature. Chapter 427, Florida Statutes states that:

"the purpose of the Commission is to accomplish the coordination of transportation services to the transportation disadvantaged."

The Governor appoints seven members to the Florida Commission for the Transportation Disadvantaged. Five of the members must have significant experience in the operation of a business and two of the members must have a disability and use the transportation disadvantaged system. The Chair is appointed by the Governor and Vice-Chair is elected annually from the membership of the Florida Commission for the Transportation Disadvantaged.

b. Designated Official Planning Agency

The Designated Official Planning Agency is responsible for transportation disadvantaged planning in a given area. In the urbanized areas of the state, the planning agencies are metropolitan planning organizations. In the rural areas of the state, organizations which are eligible to be planning agencies are:

- county or city governments
- regional planning councils
- metropolitan planning organizations

- Provide a recommendation to the Florida Commission for the Transportation Disadvantaged regarding the initial selection or re-designation of the Community Transportation Coordinator.

c. Local Coordinating Boards

The Designated Official Planning Agency is responsible for appointing a local coordinating board in each county. The purpose of the coordinating board is to provide advice and direction to the Community Transportation Coordinator concerning the coordination of transportation services.

According to Rule 41-2 of the Florida Administrative Code, the Designated Official Planning Agency appoints an elected official, to serve as the official chairperson for all local coordinating board meetings. The Board shall elect a Vice-Chair.

In 1974, Suwannee Valley Transit Authority was created to serve Columbia, Hamilton and Suwannee Counties. Suwannee River Economic Council, Inc. is the designated Community Transportation Coordinator for Bradford, Dixie, Gilchrist, Lafayette and Union Counties.

The following policies are included in the Strategic Regional Policy Plan:

B. Service Area Profile and Demographics

1. Gilchrist County Service Area Description

Gilchrist County has a land area of approximately 349 square miles. The County is located in the north central portion of the State of Florida and is bordered on the north by Columbia and Suwannee Counties, on the east by Alachua County, on the south by Levy County and on the west by Dixie and Lafayette Counties.

2. Demographics

a. Land Use

The purpose of this section is to provide information concerning Gilchrist County's existing land use. This information was obtained from Gilchrist County's Comprehensive Plan.

The land use for approximately 89 percent of the acreage within the unincorporated area of the County has been designated as agricultural and approximately 5 percent is residential.

Within the unincorporated areas of the County, four types of growth have occurred. The first type of land use pattern is concentrated within existing public facility service areas immediately surrounding the municipal urban areas. The second form of development concentrates around the unincorporated market centers which, although they do not provide public facilities, have developed over time into urbanizing settlements. The third type of land use pattern is the development of residential lots along the Santa Fe and the Suwannee Rivers within the County. This type of rural residential development has occurred in varying degrees with lot sizes ranging from one-half acre to 10 acre lots. The fourth pattern is radial growth along major roadways throughout the County.

b. Population/Composition

According to the 2020 Bureau of the Census Gilchrist County's total population was 17,864 in 2020. The Bureau of Economic and Business Research estimates the population of Gilchrist County 18,841, the City of Trenton as 2,107, the Town of Bell as 515, the City of Fanning Springs 536 as and the unincorporated area as 15,683 in 2022.

According to the Bureau of Economic and Business Research, 800 individuals are inmates and patients residing in federal and state government-operated institutions. They are considered nonresidents of the local area for revenue-sharing purposes. Institutionalized individuals are counted as part of the general population, so they are reflected in statistics on age. However, they are not included in the statistics for income or poverty levels for households.

3. Barriers to Coordination

Medicaid non-emergency transportation services are no longer coordinated through Florida’s Coordinated Transportation System in Gilchrist County. In May 2014, the Florida Agency for Health Care Administration implemented Florida’s Managed Medical Care Program. The Managed Medical Care Program requires Managed Medical Assistance Plans to provide transportation to their enrollees who have no other means of transportation available.

The Managed Medical Assistance Plans provide transportation services directly through their own network of transportation providers. According Chapter 2 of the Florida Agency for Health Care Administration Transportation Coverage, Limitations and Reimbursement Handbook, July 1997, “Medicaid is required by Chapter 427, Florida Statutes to purchase transportation services through the designated Community Transportation Coordinator, unless those services are not cost effective or the Community Transportation Coordinator does not coordinate Medicaid transportation services.”

Other barriers to the coordination of transportation services in Gilchrist County include the following:

- low density, rural population limits the ability to multi-load vehicles while maintaining an acceptable level of service; and
- limited availability of medical services/facilities in Gilchrist County requires out-of-county trips.

Chapter I: Gilchrist County Transportation Disadvantaged Coordinating Board Grievance Procedures

A. Preamble

The following sets forth the procedures for the Gilchrist County Transportation Disadvantaged Coordinating Board to address grievances from agencies, users, potential users, sub-contractors, and other interested parties concerning Florida's Coordinated Transportation System.

B. Agency Description

The Gilchrist County Transportation Disadvantaged Coordinating Board, herein after referred to as the Board, is a public body appointed by the North Central Florida Regional Planning Council serving as the Designated Official Planning Agency as authorized by Section 427.015, Florida Statutes.

C. Definitions

Transportation disadvantaged means those persons who because of physical or mental disability, income status, or age are unable to transport themselves or to purchase transportation and are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities, or children who are handicapped or high-risk or at-risk as defined in Section 411.202, Florida Statutes.

Agency means an official, officer, commission, authority, council, committee, department, division, bureau, board, section, or any other unit or entity of the state or of a city, town, municipality, county, or other local governing body or a private nonprofit transportation service-providing agency.

Community Transportation Coordinator means a transportation entity recommended by a metropolitan planning organization, or by the appropriate designated official planning agency as provided for in Section 427.011, Florida Statutes in an area outside the purview of a metropolitan planning organization, to ensure that coordinated transportation services are provided to the transportation disadvantaged population in a designated service area.

Coordinating Board means an advisory entity in each designated service area composed of representatives appointed by the metropolitan planning organization or designated official planning agency, to provide assistance to the community transportation coordinator relative to the coordination of transportation services.

Coordination means the arrangement for the provision of transportation services to the transportation disadvantaged in a manner that is cost-effective, efficient and reduces fragmentation and duplication of services.

Grievance Procedures

Designated Official Planning Agency means the official body or agency designated by the Commission to fulfill the functions of transportation disadvantaged planning in areas not covered by a Metropolitan Planning Organization. The Metropolitan Planning Organization shall serve as the designated official planning agency in areas covered by such organizations.

Designated Service Area means a geographical area recommended by a designated official planning agency, subject to approval by the Florida Commission for the Transportation Disadvantaged, which defines the community where coordinated transportation services will be provided to the transportation disadvantaged.

Florida's Coordinated Transportation System means a transportation system responsible for coordination and service provisions for the transportation disadvantaged as outlined in Chapter 427, Florida Statutes.

Grievance means a written complaint to document any concerns regarding the operation or administration of services provided by Florida's Coordinated Transportation System by the Community Transportation Coordinator, subcontracted transportation operators, the Designated Official Planning Agency, or the Board. A grievance may also be a service complaint that has been left unresolved for more than 45 days.

Memorandum of Agreement is the state contract for transportation disadvantaged services purchased with federal, state or local government transportation disadvantaged funds. This agreement is between the Florida Commission for the Transportation Disadvantaged and the Community Transportation Coordinator and recognizes the Community Transportation Coordinator as being responsible for the arrangement of the provision of transportation disadvantaged services for a designated service area.

Service complaint means routine incidents that occur on a daily basis, are reported to the driver or dispatcher, or to other individuals involved with the daily operations, and are resolved within the course of a reasonable time period suitable to the complainant. All service complaints shall be recorded and a summary of complaints should be provided by the Community Transportation Coordinator on a quarterly basis, to the Board.

Transportation Disadvantaged Service Plan means an annually updated plan jointly developed by the Designated Official Planning Agency and the Community Transportation Coordinator which contains a development plan, service plan and quality assurance components. The plan shall be approved and used by the local Coordinating Board to evaluate the Community Transportation Coordinator.

D. Purpose

- (1) The Board shall appoint a Grievance Committee to serve as a mediator to process, and investigate complaints from agencies, users, potential users of the system and the Community Transportation Coordinator in the designated service area, and make recommendations to the Board for the improvement of service.
- (2) The Board shall establish procedures to provide regular opportunities for issues to be brought before the Grievance Committee and to address them in a timely manner. Members appointed to the Grievance Committee shall be voting members of the Board.

Gilchrist County Transportation Disadvantaged Coordinating Board
Grievance Procedures

- (3) The Grievance Committee and the Board shall have the authority to hear and advise on grievances. When an entity makes a determination of the rights, duties, privileges, benefits, or legal relationships of a specified person or persons, it is exercising "adjudicative" or "determinative" powers. Deciding a grievance between two independent parties may fall within these parameters, depending on the nature of the grievance. Chapter 427, Florida Statutes grants no adjudicative powers to anyone.

E. Membership

- (1) The Chair, subject to approval by the Board, shall appoint five (5) voting members to a Grievance Committee. The membership of the Grievance Committee shall include broad geographic representation from members of the local Coordinating Board representing the counties in the service area.
- (2) Term limits on the Grievance Committee may coincide with term limits on the Board.

F. Officers

- (1) The Grievance Committee shall elect a Chair and Vice-Chair.

G. Meetings

- (1) The Grievance Committee may meet as often as necessary to fulfill its responsibilities. Meetings may be called, rescheduled, postponed or cancelled for any appropriate purpose by the Chair. The Grievance Committee may meet following Board meetings to hear complaints and grievances. All meetings will function under the "Government in the Sunshine Law." All meetings will provide opportunity for public comments on the agenda.
- (2) Notice of Meetings. Notices and tentative agendas shall be provided to the Florida Commission for the Transportation, Committee members and other interested parties at least two weeks prior to the meeting. Meeting notices shall include the date, time, location, general nature/subject of the meeting, a contact person and phone number to call for additional information and to request accessible formats.
- (3) Quorum. At all meetings of the Grievance Committee, the presence in person of a majority of the voting members shall be necessary and sufficient to constitute a quorum for the transaction of business. In the absence of a quorum, those present may, without notice other than by announcement at the meeting, recess the meeting from time to time, until a quorum shall be present. At any such recessed meeting, any business may be transacted which might have been transacted at the meeting as originally called.
- (4) Voting. A majority vote is required for actions by the Grievance Committee. As required by Section 286.012, Florida Statutes, all Grievance Committee members, including the Chair, must vote on all official actions taken by the Grievance Committee except when there appears to be a possible conflict of interest with a member or members of the Grievance Committee.

Gilchrist County Transportation Disadvantaged Coordinating Board
Grievance Procedures

The officer must publicly announce the nature of his or her interest before the vote and must file a memorandum of voting conflict on Ethics Commission Form 8B with the meeting's recording officer within 15 days after the vote occurs disclosing the nature of his or her interest in the matter."

In cases where a grievance involves the private or personal interests of a member of the Grievance Committee, such member shall be disqualified from hearing such grievance. If a Grievant claims a conflict between the Grievant and a Grievance Committee member, the Grievance Committee member identified as having a conflict shall recuse themselves from hearing the grievance. No member of the Grievance Committee shall appear before the Grievance Committee as an agent or attorney for any person.

Members of the public shall be allowed to address the Committee following the making of a motion that has been properly seconded concerning a proposition before the Committee. Such comments shall be directed to the Chair.

All comments made by Committee members, Committee staff, guests and members of the public during any public meeting of the Grievance Committee shall be governed by the City, County and Local Government Law Section of the Florida Bar Civility Pledge, as follows:

1. We will be respectful of one another even when we disagree;

- (5) The Florida Commission for the Transportation Disadvantaged also has an Ombudsman Program to assist individuals with complaints. The toll-free Ombudsman Hotline is 1-800-983-2435. Chapter 427, Florida Statutes does not expressly confer the power or authority for the Florida Commission for the Transportation Disadvantaged to "hear and determine" a grievance between two (2) third parties. The Florida Commission for the Transportation Disadvantaged may choose to listen to grievances and it can investigate them from a fact-finding perspective. It cannot be the "judge" or "arbiter" of the grievance in the sense of determining that one party's version of the facts is right and the other is wrong, and order the wrong party to somehow compensate the right party. On the other hand, the grievance may bring to light a problem within "the system."
- (6) If the grievance showed that one (1) of the parties with whom the Florida Commission for the Transportation Disadvantaged contracts was acting so aberrantly as to not be in compliance with its contract, the Florida Commission for the Transportation Disadvantaged could exercise whatever contractual rights it has to correct the problem.
- (7) The Florida Commission for the Transportation Disadvantaged may take part in the grievance process, if it wants to, for purposes of listening to the grieving parties and gathering the facts of the matter. It may not decide the grievance, where doing so would amount to an exercise of adjudicative powers.

L. Suspension Reconsideration

- (1) If a rider has been issued a notice of suspension of service by the Community Transportation Coordinator, they have ten (10) calendar days from the date of issuance of suspension notice to request a reconsideration hearing on the suspension. If the request is not received within ten (10) calendar days from the issue date of the suspension, then the suspension becomes effective ten (10) calendar days from the date of issue.

The North Central Florida Regional Planning Council will advise the person requesting the reconsideration hearing by return correspondence of the date, time and location of the hearing.

M. Prohibition Against Retaliation
